For most, take Interstate 45 south from Houston or north from Galveston. Turn east on NASA Road 1 (FM 528) (exit 25). Take Nasa Road 1 east to where it intersects Highway 146 (about 7 miles, so don't get discouraged!). Or if you are coming from the east side of Houston, you might want to take Highway 146 south.

Once you reach the intersection, either cross Highway 146 on Nasa Road 1 (which angles to the right and becomes 2nd Street) or turn left from Highway 146 at the Nasa Road 1 stoplight, the last stoplight before the Seabrook/Kemah bridge. On 2nd street, go southeast two blocks to Moskowitz, and turn right. After one block, Moskowitz enters the parking lot. The Ed White Youth Center is a gym, so head for the only two-story building around. The entrance door is under an awning at the left of the face of the building adjacent to the parking lot.
